

TWO PLEDGES MUST BE FILED BY CANDIDATES

ONE WITH COUNTY CHAIRMAN AND OTHER CLERK OF COURT

EXPENSE ACCOUNT

Begins When Pledge is Filed, According to Interpretation of Rule

Under the rules two pledges have to be filed by the various candidates before they begin upon their campaigns in the legal sense of the term, one of these being with the county chairman and the other with the clerk of court.

Just when a candidate's campaign really begins is a question that is puzzling many and therefore they do not understand just when they must begin to keep tab on their expense account. Mr. C. F. Tolly, county chairman, stated yesterday that according to the way he interpreted the rules, the pledge with the clerk of court should be filed by the candidate immediately after the pledge with the county chairman is filed, and the keeping of the expense account not later than that time.

Under rule 32 adopted by the recent Columbia convention, candidates for the various offices must file a pledge with the county chairman not later than 12 o'clock, noon, of the day preceding the day fixed for opening of the official campaign, and at the same time the campaign assessments must be paid. As the county campaign will begin on July 21, candidates for the county offices must file their pledges and pay their assessments not later than noon of July 20, and sooner than this date, if desired.

In addition to this pledge, the candidate is required by rule 33 to file a pledge with the clerk of the court, this being the same pledges that is required by section 363 of the criminal code. The rules and the state law provides that the pledge must be filed before the candidate enters upon his campaign.

The following is a copy of the pledge that has to be signed with the clerk of court:

I, the undersigned, of the County of and State of South Carolina, candidate for the office of hereby pledge that I will not give nor spend money, or use intoxicating liquors for the purpose of obtaining or influencing votes, and that I shall, at the conclusion of the campaign and before the primary election, render to the clerk of court or (secretary of state as hereinafter provided) under oath, an itemized statement of all money spent or provided by me during the campaign for campaign purposes up to that time, and I further pledge that I will immediately after the primary election or elections that I am a candidate in, render an itemized statement, under oath, showing all further moneys spent or provided by me in said election.

RAISE TRETTLES

Of P. and N. and Blue Ridge Railways to Allow Machinery To Pass Under

Rapid progress is now being made with the dredge work in the Rocky River drainage district. The work has now progressed to within about 2,000 feet of the P. & N. railway trestle.

Sometime next week the work will have progressed as far as the point where Cox Creek empties into Rocky River and then the dredge will be turned up Cox Creek. This stream will be dredged, it being estimated that it will take about 30 days to complete this part of it.

Upon the completion of Cox creek, the work will again be started on Rocky River and will move downward to the trestle. When the P. & N. trestle is reached, this will have to be raised in order to allow the dredge float to pass down the river, as will also the Blue Ridge trestle.
